At this time, Commissioner Joe Adams made a statement to those present at the meeting, as follows:

Good morning. Welcome to all in attendance. My name is Joe Adams and I have been asked to make a statement regarding my actions regarding the June 4th Protest.

As a matter of record, I acted as an individual and this statement is done in the same manner.

There have been multiple hours of public and private discussion on this issue and there is an on-going investigation by our D.A. A.G. Howell. Both D.A. Howell and Sheriff Steelman stated two weeks ago that there was a credible threat that may affect the safety of the protesters, the general public, the private and public property, and our community. That is the basis for my actions... solely doing my best to inform the public as to protect everybody's safety. I had no intention to reduce or impede the rights of anyone. I will wait for the investigation to be finalized and reported.

On June 2nd and 3rd, there were multiple news media reports showing the violence and arson in Philadelphia surrounding what was intended to be a peaceful protest. I saw no information regarding the false Antifa rumors about suburban and rural protests until AFTER June 4. I never even heard the term Antifa until after June 5. I note the timing of the media and social media articles and also accept the responsibility for my actions, with no knowledge of the Antifa Hoax.

I do not use social media as a means to communicate because of the potential to be inaccurate or misinterpreted. I believe there are posts and blogs out there that have misstated comments, edited statements, produced headlines and make allegations that are inaccurate and untrue and unfair; and there are people in this room that will vouch for that statement.

That being said, I firmly support the Declaration of Independence and Constitution and its Amendments. The Declaration of Independence has an important passage that I believe is paramount "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty and the pursuit of happiness".

The Constitution's First Amendment is paramount to our success as a Country- "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and petition the Government for a redress of grievances".

There are recent events that I appreciate and celebrate, which include:

- 1. The three peaceful protests in Wayne County since June 4.*
- 2. The 101st Anniversary of the 19th Amendment – "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex" and,*
- 3. The Supreme Court ruling the LGBTQ workers are protected from job discrimination. I believe that all discrimination is wrong, and has happened in our society; and I have personally acted in past professional positions to promote hiring fairness and equity for all.*

I am 100% in support of all of the Constitution and also the Supreme Court ruling regarding job discrimination.

I am completely in support of the peaceful protests of the past few weeks, and I applaud the organizers and participants. Exercising first amendment rights to educate and promote awareness of the inequities in our Country is important and will create positive change. There is bigotry and racism everywhere in the United States and I believe it is very wrong, and needs

June 25, 2020

to be addressed and action and laws to be implemented to stop it. I personally want to commend all involved in promoting the positive changes that we all need when it comes to being equitable with all people regardless of race, religion, ethnicity or gender.

I believe that the only way to continue to improve the Country and our community is to work together, to respect each other, to develop trust of each other, to resist misstatements and untruths and to educate, communicate, and promote and act with fairness and equity for all races, religions, ethnicity and sex All while protecting citizens and community and doing everything possible to get it right. We have an excellent opportunity to positively change the course of our society. I plan on working with anyone that wants to help make it better.

Thank you.

Public Comment

Lisa Glover, Honesdale, accused Commissioner Adams of having a story pulled from the Wayne Pike News website. Ms. Glover said she no longer trusts his judgement and asked for his resignation.

Joyce B. Lanham, Hawley, said the man in the White House and too many in his political party and his supporters believe him and repeat his hate speech without verifying his statements on their own. She added George Floyd was murdered by the police and this injustice occurs almost everywhere in the U.S. and that she hoped his death and the resulting peaceful protests will lead to criminal justice reform and racial equality.

Ms. Lanham also noted that Commissioner Adams hasn't said "black lives matter" to the community.

Following Ms. Lanham's comments, Commissioner Adams stated that all lives matter and black lives matter.

Becks Harvey, Honesdale, said that police and the Commissioners are one in the same. They looked for nonexistent looters while peaceful protesters were in danger. Ms. Harvey insulted Commissioner Adams calling him a racist and used foul language in her comments.

Beverly Sterner, Milanville, stated that it is good to see so many people standing together for change. Ms. Sterner feels we need to hear from the victims of racism to help create a better community.

Dave Harvey, Honesdale, said that he conducted his own investigation and found no credible evidence of threat. He stated that there were indeed bad people with bad intentions but they were not from outside the community. Mr. Harvey also accused Commissioner Adams of suppressing the news.

Lisa Gombita, Lake Ariel, stated that Commissioner Adams does a lot of good in this community. He has spearheaded food drives, music festivals and other community events to raise money for those in need. She would be more upset if the Commissioners received information and did not act on it. She perceives what Commissioner Adams did was to protect the community and protect local residents at a peaceful protest.

Stephen Moulten, Honesdale, noted that racism exists and appreciated Commissioner Adams statement made earlier in the meeting. Mr. Moulten said he would also like action not words. Not one Commissioner has been at a protest to date.

Claire Harvey, Honesdale, stated that Joe Adams actions led to an unsafe situation. His past comments were inappropriate and has made this all about himself. Ms. Harvey asked

June 25, 2020

Commissioner Adams to say black lives matter at a protest. If he does not take this action, she will demand his resignation.

Elijah Harvey, Honesdale, discussed the Wayne Pike news story and believes Commissioner Adams suppressed the news and urges the Commissioners to stop working against them and start working with them.

Connor Simons, Honesdale, told Commissioner Adams that he abused his power. Mr. Simons asked the Commissioners what they are doing to keep them safe moving forward.

Amanda Demasi, Honesdale, announced that they have a protest every Thursday in Central Park. Commissioner Adams statement is a first step, but it is not enough as a community leader. Ms. Demasi noted that it is his duty to step it up. Ms. Demasi said she was threatened at the rally and believes that Commissioner Adams' actions played a role in encouraging those actions.
