. SCAMS:
PROTECT YOURSELF.
PROTECT YOUR MONEY

Lots of companies claim they can “erase” or “repair” your credit history – for an upfront fee. But the truth is that only time and paying down your debts can improve your credit rating.

Dishonest credit repair companies may charge hundreds, even thousands of dollars for services they never perform.

Others bill customers for things they can do on their own for free, such as disputing errors and removing outdated items.

In one common credit repair scam, the credit repair company disputes all the negative information in an individual’s credit reports. This usually results in some of the information being removed temporarily by the credit bureaus while the disputes are reviewed. During this time, the individual’s credit appears to have improved.

However, this is neither a legitimate or permanent fix.

Another trick is advising an individual to apply for a new Employee Identification Number (EIN) from the Internal Revenue Service and then use that number, which has the same number of digits as a social security number, to apply for credit. This is known as “file segregation” and it is a felony.

Protect Yourself

- No one can erase negative information from your credit reports if it is accurate.
- You can correct mistakes on your credit report yourself.
- You are entitled to a free copy of your credit report from each of the three credit bureaus once every 12 months.
- You can contact the National Foundation for Credit Counseling to find an accredited credit counselor near you. (1-800-388-2227; nfcc.org)

Hamlin Senior
Center

March flew by and was full of some great times. We started making small no-sew blankets to help out with a great community project. We were also visited by a representative from the Northeast Regional Cancer Institute, she gave a wonderful presentation explaining how healthy choices could greatly reduce our chances of being diagnosed with certain cancers. She also explained how important it is to speak to your doctor about when you should have a cancer screening.

March also brought us a surprise visit from our Commissioners, the Directors of the Governor's Northeast Regional Office and the Secretary and Deputy Secretary of the Pennsylvania Department of Aging along with Wayne County Aging's, Jacqueline Sturgis and Pat Perkins. Their visit brought wonderful news of an upcoming project to extend and improve our parking lot, as well as make it more accessible to our members, we are all very excited!

Some of our Seniors welcomed some very talented High School Seniors, whom received awards from the American Legion Post 807, for their winning submissions to the Legion's essay contest.

Wii are Having a Great Time!

What the heck is Wii? Seniors from the Hamlin Center are bowling, playing tennis, and even learning how to fence! No, you don't need to be an Olympic Athlete to enjoy these sports, you just need to come in and join in on the fun as we play the interactive sports while sitting or standing. Join us in some healthy competition!

As April begins, we hope you will plan to come visit us here in Hamlin. We welcome you for lunch, events, and our daily activities.

Some upcoming events you may like to attend:

Easter Celebration- April 12

Kentucky Derby Day- May 3

Cinco De Mayo- May 5

Mother's Day- May 12

Please call to reserve your lunch a day in advance. Hope to see you soon.

Caregiver Support Program (CSP)

The AAA Caregiver Support Program (CSP) helps the caregiver of an older adult by providing information about services that are available through its State and Federal Caregiver Support Programs. We can help by locating care providers, reimbursing for services and assistance with home modifications or assistive devices. The programs empower the older adult and his/her caregiver to choose what services

suit their needs the best so that service is individually tailored for each family. Many services are available at no cost to the family. Those families with greater financial resources would be able to participate through cost-share participation where they would share in the cost, based on a sliding fee scale. For more information, please call 570-253-4262 and ask for our Intake Department.

Northern Wayne Happenings

On March 2, an informative speaker from the Cancer Institute gave a presentation. The craft group enjoyed turning Mason jars into sewing kits.

Next meeting is April 6, our Easter party. Please come out and join us.

Call Marie at 570-253-4262 for reservations.
