Medicare Education and Decision Insight

Greetings to all from the PA MEDI staff. The change of seasons from summer to fall signals the onset of the Medicare Annual Open Enrollment Period (AEP). Like most everyone, we are not happy that we are this point already.

With the autumn season comes the deluge of mailings and phone calls related to Medicare drug plans and Medicare Advantage plans. The AEP begins October 15<sup>th</sup> and runs to December 7<sup>th</sup>. We encourage everyone to pay attention to the information received from your current plan, whether it is a “stand alone” drug plan or an Advantage plan, which includes both health and drug coverage. Premiums for plans will likely increase; many times we have seen a consumer’s current plan increase, concurrent with the introduction of a lower cost plan to attract new consumers.

The cost of a plan premium does not determine how good the plan is. The best plan for each beneficiary is dictated by your medications. Staff enters your medications at the Medicare “Plan Finder” website and provides details on the most cost-effective plan for each consumer. The website also gives information on the cost of the medication during each phase of the Medicare structure, availability on the plan’s formulary, and pharmacy information. We rarely see a pharmacy that is not in network, but costs vary according to “standard” or “preferred” sites. Again, the outcome is determined by the consumer’s medications. Advantage plans undergo these changes as well and the health coverage portion is subject to a wide variety of copays. Providers can choose to not participate with certain companies, and, if so, that would cause a consumer to incur an “out-of-network” increase.

For those who have a traditional supplement, such as Plan G, Plan N, etc., no changes occur except for the yearly premium increase due to a consumer’s increased age. “New to Medicare” recipients are eligible to purchase a supplement plan without health questions (aka Guaranteed Issue), however when changing supplement plans, whether for lower premiums or more or less coverage, consumers are subject to health questions. The answers will determine acceptance, denial or a higher Tier 2 premium cost.

Pennsylvania’s Pharmaceutical Assistance Contract for the Elderly (PACE) cardholders will receive a letter stating what course of action to follow. Most PACE participants have a Part D “Partner Plan” that coordinates with the state-operated program funded by the PA lottery. This past year’s partners were Silver Script Choice and Well-care. PACE will inform you of the plan that’s best for you and if you agree, (which you should), you will not have to do anything. PACE staff will take care of any changes. Please remember to note what plan you will be in.

For questions or appointments, please call for PAMEDI assistance in Honesdale - 570-253-4262 or Lu in Hawley- 570-226-4209. You can also go online to Medicare.gov or call Medicare at 1-800-633-4227.

**Grandparents Day**  
The Hamlin senior family wishes to say thanks to Betty and Phyllis for sharing their grandsons and great grandsons with us! The children brought a vibrant ray of sunshine to our home. Along with the special pizza meal provided by the kitchen team, the kids enjoyed playing games and Bingo. They won prizes, and everyone had root beer floats. Can you believe the children never experienced root beer floats?

## Veterans' Affairs Update

Hello from Veterans Affairs. When you read this, fall will have already arrived in our neighborhood. Yikes—note to myself serves as a reminder to enjoy each warm, crisp day outside that we are given, if only for a few minutes! But, there is also work to do. Looking ahead on my calendar shows that is the Annual Senior Expo at Ladore Lodge on Thursday, Oct 27<sup>th</sup> from 9:30 to 12:30 at the Ladore Pavilion on Owego Turnpike in Waymart (see press release on page 12). I plan to have a table near the front entrance, so stop over and say hello. After the Senior Expo comes Veterans Day. I am once again planning on honoring our local veterans in ceremonies at each of the senior centers. Please contact my office, or your local senior center for the exact day and time. And, of course, consider staying for the lunch that follows immediately after the program. Call Kathy Robbins for lunch reservations at 253-5540.

I am still gathering information on the PACT ACT that I spoke briefly about last month. If you have not already done so, please consider registering with the Department of Military and Veterans Affairs (DMVA) at [www.register.dmv.pa.gov](http://www.register.dmv.pa.gov). The toxic exposure screening that you will be scheduled for after enrolling is very important now and in the future! If you do not have access to a computer, I can assist you in enrolling. Camp Lejeune is constantly in the news. Please remember that this is completely separate from the compensation for disabilities that any VSO can assist you in applying for free of charge!! There are many, many attorneys that are taking part in this class action lawsuit. None will charge for their services to file a claim; however, before you agree to have a particular attorney represent you, please have a very clear understanding on exactly how much they will charge you when you received a settlement. The rates that they will charge are not standard and vary from law firm to law firm. Please proceed with caution if you decide to take part in this lawsuit.

On a closing note: **HAPPY HALLOWEEN TO ALL! AND, REMEMBER, CANDY CORN IS ONLY AVAILABLE FOR A LIMITED TIME, SO GET YOURS WHILE YOU CAN!**

Vicki

#Every1KnowsSome1

It's true. Everyone knows someone who has been affected by domestic violence. Maybe it's you. Maybe it's a friend or a loved one. The truth is, one in four women and one in seven men across the country experience physical abuse from a spouse or intimate partner. If you'd like to help these survivors, here's your chance!

VIP is participating in TWO days of giving this Fall! That's TWO chances for you to provide support for survivors. Here's what your donation can help provide:

- A care kit for children forced to leave their homes due to violence.
- Shelter for a victim who has fled their home due to abuse.
- Transportation for victims and children to get to safety.
- Shelter for a pet who may be unsafe at home while their owner is in shelter.
- Food for pets and humans in our shelter.
- Clothing for a rape victim who needs to give up her clothes for evidence in the emergency room.
- A night of warm and safety for a child who has witnessed violence in their own home.

Honesdale officially received designation as a Keystone Communities Main Street from the Department of Community and Economic Development further enabling the borough to support downtown businesses and improve quality of life for residents.

Deputy Secretary Rick Villelo said, "This Main Street designation means Honesdale is getting the additional tools they need to make their town a better place to live, work, and play for many years."

As a designated Keystone Communities Main Street, Honesdale will receive priority status for various applications and will be eligible for Neighborhood Assistance Program Enterprise Zone tax credits for private sector development.

"This is another big step forward in the effort to continually improve our quality of life as well as make downtown Honesdale safer for everyone," said James Hamill, President, Honesdale Borough Council. "The borough is appreciative of the efforts of the Greater Honesdale Partnership as well as our local lawmakers who fought to bring this critical funding to the Honesdale area, which will have lasting benefits. This community is special, and we are excited to see how plans develop in the coming months and years."

Honesdale is also now eligible to receive complimentary technical assistance and programmatic support from the Pennsylvania Downtown Center over the next five years.

The primary goals of designated Main Street areas are improving the quality of life in a community by making the traditional downtown area a more attractive place to live and work. They also strive to increase business development and create jobs in the area, improve the level of planning in the community, and ensure that public and private investments are impactful to the local economy.

"It's so exciting to have this opportunity to enhance downtown Honesdale," said Kim Fisch, President, Greater Honesdale Partnership. "Because of our designation, we can provide infrastructure upgrades such as improved sidewalks, lighting, parking, and overall pedestrian safety. It is an aesthetic framework for Honesdale, creating an environment where people want to visit and live."
