Main Street Farmers Market Launches Two New Programs

Farmer's markets continue to be a trusted place for buying fresh and local produce, meats, eggs, dairy, bakery and other delicious foods that we enjoy all year round. Starting now, the Main Street Farmer's Market in Honesdale welcomes SNAP/EBT customers and has a new program for earning market reward vouchers!

NEAR (Nutrition Education Awareness Rewards) Cash is a program offered by the Cooperage Project to support our local food system. Similar to other programs in Wayne County, the Lehigh Valley, and Philadelphia areas, vouchers are given to community members to spend at the market each week. There are two ways customers can earn NEAR Cash:

1. Swipe their SNAP/EBT card and convert their chosen amount of benefits into NEAR Cash to spend with market vendors. SNAP customers earn double vouchers up to \$10 each week!

Convert \$5 in SNAP benefits to NEAR Cash and get \$10 in vouchers.

Convert \$10 in SNAP benefits to NEAR Cash and get \$20 in vouchers.

Convert any greater amount of SNAP benefits to NEAR Cash and get the dollar-for-dollar conversion, plus \$10 extra in NEAR Cash.

2. Families receiving SNAP benefits who attend Romping Radishes on the second Saturday of each month during the market months will earn NEAR Cash! Children will each be rewarded with \$5 in NEAR Cash for joining this healthy living class for kids and can shop with local vendors for the fresh produce (or products) they like most, or want to try.

NEAR Cash is redeemable for fruits and vegetables, poultry and eggs, dairy products, baked goods, frozen meals, meats, and nuts and seeds. NEAR Cash cannot be converted into cash, and no cash back can be given. Purchases will be rounded to the nearest whole dollar, or customers may be asked to pay the difference. Vendors accept cash, check, and credit cards as well as Venmo and/or PayPal. NEAR Cash is only redeemable at the Main Street Farmer's Market, 1030 Main Street, Honesdale, PA on Saturdays from 11am to 1pm through April, 2022.

The NEAR Cash program was created in partnership with the Wayne County Food Pantry, and funded with support from William E. Chatlos Foundation and generous contributions from community members.

The Hamlin Senior Center received this multi-purpose exercise machine, the Nu-Step 6, as a result of the 2020 State grant. This machine is so much fun it doesn't feel like exercise! It works legs and arms as you sit and enjoy a trip to one of four international destinations. Take a jog or run along the Atlantic or Australian shores, through Portugal's forest or along the Singapore Bay marina. As you are exercising, the screen displays calories burned, number of steps taken, and much more. One of the secrets to wellness is to keep moving. We want to help you do just that! If you are interested in using the machine, please let Becky know; she will block a half-hour spot for your fun workout!

THE HOME DEPOT'S UPDATED MILITARY DISCOUNT POLICY

The Home Depot has changed its military discount policy. They are now giving discounts to all honorably discharged veterans--that is the Good News part. Now, for the not so good part: There are no paper applications, and one cannot apply for the discount in the store. (I called our local store to verify this). So, one must have access to a computer.

Before writing this, I wanted to understand how the entire process of receiving the discount worked. Here is what I learned. One must go to The Home Depot website and click on "military discounts." Follow that by scrolling down to "get started." One will be asked for one's email address. (First hurdle for some.) Next, fill in one's name (remember to use the one at time of discharge), month/year of discharge and branch of service. From there, I learned that further verification was needed. I fumbled with taking a picture of my DD214 and downloading it. (Downloading it to where?) Here is where I stopped. I had had enough fun for the moment! Later on, I read my emails, and learned that I had been approved for the discount. I am not sure just what I did right, but the fun didn't stop there!! It was there that I discovered one must download The Home Depot app to one's phone. When making a purchase, one must go to the app on one's phone, show the bar code to the cashier, so it can be scanned to receive the discount. No, I have not yet tried that part! Note: there is a maximum discount of \$400 allowed, per year.

Now as a disclaimer, I consider myself to have average computer skills. There are many veterans who have much better computer skills than I do. However, there are also many in our county that do not have internet access nor children nearby to help!! And, then, there is the little issue of smart phones! Sometimes, smart people do not really want smart phones!!

If anyone has a better experience with this, please feel free to pass along any tips to me so that I might be able to assist other veterans. Thank you. May you all have a safe and healthy month.

Foster a Robotic Furry Companion Program

ADRC Link Coordinator Joan Marie Edel has introduced a new program. It is the Foster a Robotic Furry Companion program. Below are Tizzie and Trudy.

Of course, if one decides to join this Foster a Robotic Furry Companion program, one can choose a different creative name for these cuties. The program provides a safe and easy alternative for with those who had live furry companions. Once brought home, one will immediately feel the emotional warmth and comfort companions provide. The Robotic Furry Companion is able to sit on one's lap, lie on one's floor, and wag tails; the sound of purring or barking can lift one's spirits, provide emotional warmth and comfort and create feelings of joy as more time is spent with this new friend.

This program is a foster program with the intent to adopt. There is no fee. What is needed is an expression of interest to the contact below as well as a choice of companion, be it cat or a dog.

Please contact Joan Edel by February 28th, if interested in this pilot program.

(If you are interested in and are able to care for a LIVE furry companion, please contact the Olga and Dorothea Dessin Society for the Prevention of Cruelty to Animals, 138 Miller Drive, Honesdale, PA 18431, 570-253-4037.)

Looking forward to hearing from respondents and thoughts on this program,

Joan Marie Edel

With the new year will come major improvements at two river accesses in Wayne County, all part of a larger effort to develop a river trail system connecting Honesdale, White Mills and Hawley along the Lackawaxen River.

The PA Department of Conservation and Natural Resources (DCNR) has announced Wayne County will receive grant funding in the amounts of \$250,000 and \$158,000 to develop access parks at Industrial Point in Honesdale and at White Mills respectively, part of the larger Lackawaxen River Trails system.

These awards, coupled with more than \$300,000 in grant funding from the Pennsylvania Fish & Boat Commission (PFBC) announced earlier in 2021, will provide the funds needed to complete the projects. The county has worked closely with the Wayne Pike Trailways and Waterways Alliance (WPTWA) to secure funding and site plans for the two access parks which will result in, for the first time, official access points on the river.

Industrial Point in Honesdale will see demolition of a vacant structure to make way for safety, storm water management and a public picnic area next to the river access, all as part of a recent Local Share Account grant awarded to the county. Storm water improvements will also be made to the site before the DCNR and PFBC funding provides for a boat launch, comfort station, pedestrian walkway, and ADA access as well as landscaping and other improvements. The project will enhance the experience for anglers and nature lovers to downtown Honesdale and allow for paddlers to easily launch and travel to White Mills and Hawley.

White Mills at the Factory Field site will also see improvements including a boat launch, fishing pier, composting-comfort station and parking area with ADA access and landscaping as well as signage thanks to the funding secured from DCNR and PFBC. A third river access is complete at Bingham Park in Hawley.

"These river accesses will provide an important connection between our communities and countless individuals who will now have adequate, safe access to the Lackawaxen River for recreation," said Wayne County Commissioners Brian Smith, Joseph Adams and Jocelyn Cramer. "In the short term, these projects will provide for construction jobs. In the long term, they will have far-reaching impacts to the tourism and hospitality industry and the overall local economy."

Community donors have helped tremendously in the efforts to fund and complete a feasibility study which was released in May 2020. To stay up-to-date on the projects, follow Lackawaxen River Trails on Facebook and Instagram or visit lackawaxenrivertrails.org.
