2021 Annual COVID DEATH REPORT

SUBJECT: COVID-19 CORONER UPDATE

The following represents deaths which have occurred in Wayne County of individuals who tested positive for COVID-19 and died as a result of the virus in 2021. This data only includes deaths that were reported to and investigated by this office. This data does not include "probable," "suspected," or "negative" cases. While the Department of Health compiles death data based on county of residence, this office compiles data based on deaths occurring within our geographical county jurisdiction.
