## WHAT IS THE LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM?

The Low-Income Home Energy Assistance Program (LIHEAP) helps low-income families pay their heating bills. LIHEAP is a grant. You do not have to repay it.

LIHEAP offers both cash and crisis grants. Families may apply for cash grants that help pay heating bills. The one-time payment is sent directly to your utility company or fuel provider, and it will be credited on your bill. (In some cases, the check may be mailed to you directly.) Cash grants range from \$300-\$1000 and are based on household size, income, and fuel type. Crisis grants may be available if you have an emergency situation and are in jeopardy of losing your heat. You can receive more than one Crisis grant, as necessary, during the season until the maximum benefit of \$1000 is reached. Crisis situations include broken heating equipment or leaking lines that must be fixed or replaced, lack of fuel, termination of utility service, danger of being without fuel (less than a 15 day supply) or having utility service terminated (received a notice that service will be shut off within the next 60 days).

The income limit for LIHEAP is 150 percent of the Federal Poverty Limit; for an individual, that is a gross income of \$21,870 per year, and for a family of four, that is a gross income of \$45,000 per year. (Add \$7,710 per additional family member.) One does not need to know their own eligibility in order to apply, and those who have applied and were denied previously but have experienced a change in circumstances can reapply.

Pennsylvanians can apply for LIHEAP beginning November 1, 2023 (ending April 5, 2024) and other public assistance programs online at [www.dhs.pa.gov/COMPASS](http://www.dhs.pa.gov/COMPASS), by phone toll-free at 1-866-550-4355, or in person at a County Assistance office. The Wayne County Assistance Office is located at 15 Innovation Drive, Lake Ariel, PA 18436, telephone number 570-253-7118.

The Pennsylvania Department of Human Services (DHS) is warning seniors about a Medicaid texting scam.

One message coming from a company called Health Solutions alerts the person of needing to review their plan. Another message, from Innovative Partners, requests bank information to pay a balance.

These messages targeting seniors are all red flags for fraudulent messages from phony companies.

Department of Human Services Press secretary Brandon Cwalina says DHS will send text messages from time to time, but never requesting personal information or banking information. "How much you're authorized to receive, what your premiums are, things like that. We will never request specific personal information, especially banking information," Cwalina said.

**Consumers are advised to call DHS to report scam text messages. Their customer service number is 1-877-395-8930.**

There are 3.5 million people who receive Medicaid and SNAP benefits in Pennsylvania. DHS doesn't know how many people have been contacted by these fake companies, but the state inspector general is investigating it.

## For Those Receiving In-Home Meals Delivery

The homebound meal program has several announcements:

Starting the week of October 30, all homebound meals will be frozen. You will receive one delivery each week. All of your meals will be delivered on that delivery day. There will be no set day for your delivery.

The winter months are approaching, and it is time to prepare for those days when your homebound meals will not be delivered. The homebound meal delivery program runs along with the Wayne Highlands School District. When the Wayne Highlands School District closes for inclement weather, you will not be receiving delivery on that day.

For the months of December, January, and February you will receive a box containing three emergency meals. These meals are for the days when the homebound meal program does not deliver to you due to inclement weather. You will receive a box on the first full week of December, January and February.

### Wayne County Transportation System's Consumers—

If the schools are closed for inclement weather which affects roads and travel, the Senior Centers, Home Delivered Meals and County Transportation System will not operate.

**Wayne Highlands School District: ALL Centers closed.**

**Western Wayne School District only: Hamlin Center closed.**

**Wallenpaupack School District only: Hawley Center & Adult Day program closed.**

If the schools are closed for other reasons (i.e. power outages), a determination will be made if the Centers, Home Delivered Meals and Transportation will operate. This will be announced on local radio (Bold Gold Media), TV (WBRE) and the County website ([www.waynecountypa.gov](http://www.waynecountypa.gov)) as early in the morning as possible, no later than 7:00 a.m.

If the schools have a delay for inclement weather, the Senior Centers and Home Delivered Meals will work a normal schedule with no delay. Transportation will attempt to run as close to schedule as possible.

**PLEASE NOTE:** The only time the offices will close is when the Courthouse closes. Home Delivered Meals may not be delivered if clients' sidewalks or driveways are not clear. Transportation may cancel your ride if the local roads are not plowed or safe to transport – even if the department is open/operating during inclement weather or questionable road conditions. A determination will be made on a case by case basis. \*Early closing of schools will be considered on a case by case basis.\*

## **HAPPY 25<sup>th</sup> ANNIVERSARY HAMLIN SENIOR CENTER**

The Hamlin Senior Center celebrated their 25<sup>th</sup> Anniversary on October 6, 2023. It was fun to look at the photos of yesteryear and remember the events of the past. We were very pleased to have the presence of two commissioners, Brian Smith and James Shook, who presented a certificate of recognition for 25 years of service to Debbie Birtel and also presented a 25 Year Recognition Certificate to the Hamlin Senior Center. Donna Schreyer, a senior member, was recognized for being present the first day the center opened in October of 1998. Also, we were thrilled to have Mary Ursich and Pat Perkins present for this special celebration. Pat was also recognized for her December 1998 start and for overseeing the managers of the Hamlin Senior Center these past 18 years.

John Stevens of Doubleshot provided our Polka music to follow the Oktoberfest theme. The food was very good, and we wish to thank dietary staff. We finished off the day with a rowdy game of Bingo.

It truly is a pleasure to serve our community seniors. I know how George Bailey felt in "It's A Wonderful Life." I'm blessed beyond imagination. Please see photos from the day on page 12.

# HEALTHY EATING FOR A STRONG IMMUNE SYSTEM

Most of us understand that our immune system function begins to decline as we age. Studies have shown that this is due to a decline in various types of white blood cells, including T cells, monocytes, and cytotoxic T cells. The decline in T cells is particularly important, as these are the cells responsible for identifying foreign pathogens and directing our body's immune response. Another important finding was related to the frequency of B cells; A type of white blood cell vital to producing antibodies in response to pathogens. The decline was found to be more evident in men beginning in their early 60s. Women seemed to experience changes to B cells later in life; in their late 60s or early 70s.

There are some ways that we can be proactive in boosting our immune system. According to Harvard University, the following tips may be helpful in building a strong immune system:

**Don't smoke.**

**Eat a healthy diet.**

**Exercise regularly.**

**Maintain a healthy weight.**

**If you drink alcohol, do so in moderation.**

**Get adequate sleep.**

**Take steps to avoid infection (handwashing is especially effective).**

**Minimize stress.**

**Discuss vaccinations with your primary care physician.**

## Nutrients That Support Health:

**Protein** – Protein is important in antibody production which boosts healing. Good sources are:

Eggs, milk, yogurt, fish, lean meats, chicken, turkey, beans, soy products, nuts, seeds

**Vitamin A** – Vitamin A plays an important part in skin, tissues in mouth, stomach and intestines and respiratory system, which in turn helps regulate the immune system. Good sources are:

Carrots, sweet potatoes, broccoli, spinach, pumpkin, squash, cantaloupe

**Vitamin D** – Helps regulate immune cell function. Good sources are:

Fortified foods – milk, cereal, orange juice; fatty fish like salmon, mackerel or tuna and SUNSHINE

**Vitamin C** – Acts as an antioxidant (a substance that protects cells). Helps with healthy skin production, which acts as a barrier to external microorganisms. Good sources are:

Citrus fruits – oranges, grapefruits, tangerines; strawberries, papaya, bell peppers, Brussel sprouts

**Vitamin E** – Acts as an antioxidant. Good sources are:

Almonds, sunflower seeds, peanut butter, vegetable oil, spinach, broccoli

**Zinc** – Helps in production of new immune cells which helps in wound healing. Good sources are:

Lean meat, chicken, turkey

Crabs, oysters

Milk

Whole grains

Seeds

## **Wayne County Veterans Affairs**

Unlike Memorial Day, which honors our deceased veterans, Veterans Day is meant to honor all veterans of our armed forces. It is a day to honor America's veterans for their patriotism, love of country, and willingness to serve and sacrifice for the common good of our great nation! It all began when World War 1 officially ended with the signing of the Treaty of Versailles on June 28, 1919. However, fighting ceased seven months earlier when a temporary cessation of hostilities (cease fire) between Allied nations and Germany, went into effect on the eleventh hour, of the eleventh day, of the eleventh month. In November 1919, President Wilson proclaimed November 11th as the first commemoration of Armistice Day. In 1938, it was officially made a legal holiday, dedicated to the cause of world peace. Flags should be flown at half-staff and a moment of silence may be observed at 11 am.

More than 4,600 veterans call Wayne County home. Services will be held throughout Wayne County to honor their service and sacrifices

Thank you, Vicki.

## **Victims' Intervention Program**

Home for the Holidays

November. The weather is crisp. What leaves remain on trees are myriad shades of red, gold, and brown. The holiday season is about to kick off. For those of us with family dinners and holiday get-togethers on the horizon, now is a good time to check in on our loved ones. As we sit across from seldom seen siblings, distant aunts and uncles, nieces and nephews, and other extended kin, we can take stock of any drastic changes in personality and other factors which may hint at abuses and victimizations of all sort.

### **Some things to keep an eye on in your loved ones:**

- A sudden and drastic increase in drug or alcohol use
- A change in personality from outgoing and talkative to especially reserved
- Very expensive gifts out of nowhere
- Bruising, especially to the face, neck, and arms

### **Some things to keep an eye on in new partners your loved ones bring home**

- Insulting and demeaning comments to and about your loved one
- Talking over your loved one
- Refusing to let your loved on speak or be alone with anyone
- Extreme jealousy

If you notice any of these warning signs or other situations which make you wary or uncomfortable, the most important thing you can do to help your loved one is to make them feel supported. Find a way to talk to them in private. State your concern and listen to what they have to say. It's important to not talk down to them or try and force them to do something. If they are truly in an abusive situation, they have already had their power to make decisions for themselves taken away. The best way you can help is to let them know you hear them, see them, and value them.

If you suspect a loved one is being abused and are unsure what to do, Victims' Intervention Program is here to help. **Call us anytime, day or night, at 570-253-4401, or visit us online at [VIPempowers.org](http://VIPempowers.org).**
