b. PPH Ambulance donation letter**-Solicitor Treat said he informed PPH about the township's stand on this. Supervisor Non said we should probably hold up on sending a reply due to the county committee that was created to address emergency services. Chair Zefran asked Non about the request received by Forest City Ambulance for financial assistance and was this discussed with them. Chair Zefran also said due to change of supervisors, the ambulance should have an idea of the status. Non replied, the new committee mentioned the cost of Sprinter units, but nothing has been acted on and the county committee will be addressing to keep ALS units available within the county which will also include townships, this is in early stages and will be discussed in future county committee meetings. Non also said the county cannot impose an ambulance tax prohibited by PSATS, which then trickles down to the township. Chair Zefran said he feels there is no need currently for an ambulance tax due to the current township budget status. Mark Lopatofsky commented that the township needs to look at the whole picture before making a donation since this is a large issue within the county.
